

NAIMA IBRAHIM JOO

ICT INSTRUCTOR | AI RESEARCHER

Date of birth: 17/06/1992 **Nationality:** Pakistani **Gender:** Female

☎ +923449495534 ✉ naimaibrahimjoo@gmail.com 🌐 [LinkedIn Profile](#)

Address: CTTI Residency, Iqra flat# 07, IJP Road i-12 Islamabad

ABOUT ME

An ICT teacher and AI researcher with more than 10 years of teaching experience in an engineering college in Pakistan. MS in Computer Science (Artificial Intelligence) from NUTECH, Islamabad. Hands-on experience in voluntary research on physiological sensing and micro-mobility safety, active participation, and gaining hands-on experience with human factors in IoT systems and deep learning methods. Currently pivoting my research focus to privacy-preserving and trustworthy AI, with a specific interest in Federated Learning, differential privacy, and adversarial robustness in Large Language Models. We are committed to translating academic research into tangible, real-world impact in the field of secure, human-centered AI systems.

EDUCATION AND TRAINING

- **2022 – 2024** **Islamabad, Pakistan**
MS in Computer Science (Artificial Intelligence) National University of Technology (NUTECH), i-12, Islamabad, Pakistan
- **2013 – 2015** **Skardu, Pakistan**
MIT—(Master of Information Technology) Karakorum International University, Skardu Campus, Gilgit-Baltistan, Pakistan
- **2010 – 2012** **Skardu, Pakistan**
BA — Bachelor of Arts Karakorum International University, Skardu Campus, Gilgit-Baltistan, Pakistan
- **2015 – 2016** **Skardu, Pakistan**
Bachelor of Education (B.Ed) Professional degree in teaching — Pakistan

WORK EXPERIENCE

- **Sep 2018 – Present** **Islamabad Pakistan**
ICT Instructor — Construction Technology Training Institute (CTTI), Islamabad
- **Mar 2015 – Oct 2018** **Islamabad Pakistan**
IT Manager — Kauthar College for Women, Islamabad
- **2011 – Mar 2015** **Skardu, Pakistan**
Organizer & Teacher — Pepperdine for Advanced Studies, Skardu

RESEARCH EXPERIENCE

January 2026 – Present

Role: Voluntary Research Assistant

Supervisor: Syed Tahir Ali Shah, PhD Researcher, University of Aveiro, Portugal

Research Topic: Human Factor in IoT – Emotion-Aware and Physiology-Aware Mobility Systems

Contributions:

- Systematic literature review on physiological sensing, wearable IoT systems, and embedded machine learning for micro-mobility safety
 - Analysis and synthesis of 11 peer-reviewed research papers for the identification of specific technical gaps in the physiological safety monitoring of e-scooters
 - Supporting research documentation and academic writing for journal-level manuscript preparation
 - Acquiring hands-on experience on ESP32 embedded hardware, BLE, and MQTT protocols in IoT research environments
- Involved in research of human-centred intelligent systems with wearable sensing and edge AI

RESEARCH INTERESTS

- Privacy-preserving federated learning and differential privacy for large language models
- Adversarial machine learning: gradient inversion, model poisoning, and backdoor attacks on federated systems
- Secure aggregation and encryption-based protection for distributed model training
- Human-centred AI safety in IoT and embedded sensing systems

LANGUAGE SKILLS

Language	Listening	Reading	Spoken Production	Spoken Interaction	Writing
English (B2.1)	C2	C2	C2	C2	C2
Urdu (Native)	C2	C2	C2	C2	C2

CERTIFICATIONS

● English Upper Intermediate B2. University of Napoli Federico II – Coursera	Jan 2025
● Diversity and Inclusion in Education University of Glasgow – Coursera	Jan 2025
● AI For Everyone, Deep learning. AI — Coursera	Feb 2025
● SEO Specialization, University of California, Davis – Coursera Introduction to Google SEO, SEO Fundamentals, Optimizing for Google Search.	Jun 2025
● Google Digital Marketing & E-commerce Professional Certificate Google—Coursera 7 practice-based courses: digital marketing, SEO, analytics, e-commerce, customer engagement.	Jun 2025
● Educational Assessment Training Certificate Federal Board of Intermediate and Secondary Education (FBISE), Pakistan	

DIGITAL SKILLS

- **Web Development**
HTML, CSS, PHP, Java, WordPress, Dreamweaver
- **Programming & Data**
Python, Machine Learning, SQL, MS Office, Google Workspace
- **Digital Marketing**
SEO (on/off-page), Google Ads, Analytics, Social Media, Email Marketing
- **Design & Content**
Canva, Content & Article Writing, Resume Design, Proof reading
